Ingredients: Organic red grapes skin and seed (Vitis Vinifera)

Why Choose Teelixir Resveratrol powder?

Nature's Elixir: Derived from the essence of red grapes, our supplement embodies the natural goodness for your holistic well-being.

Antioxidant Boost: Packed with potent antioxidants, it may aid in protecting your cells and promoting overall cellular health.

Heart Health Support: Crafted to contribute to cardiovascular wellness, supporting a healthy heart and optimal blood flow.

Unlike certain resveratrol containing herbs such as Japanese Knotweed, red grape skin and seeds contain all of the benefits of resveratrol but without the side effects of longterm use. Despite the presence of resveratrol in these herbs the amount and bioavailability simply does not stack up to red grapes.

In terms of the synthetic versions on the market, an expensive white powder just isn't in the same league as the beloved grape.
